SUBJECT: NOMINATING DEPUTY SPs FOR 5th SPECIALISED TRAINING PROGRAM FOR NEWLY RECRUITED DEPUTY SPs TO BE CONDUCTED FROM 22/07/2024 TO 17/08/2024

Respected Sir/Madam,

The central Academy for Police Training is mandated to provide basic training to the directly recruited DySPs. However after several rounds of stakeholders meeting the states suggested that a month (or three month) module for their DSPs be created and conducted at CAPT, Bhopal.

2. The Academy has conducted 1st Specialised Training Program from 13/06/2022 to 09/07/2022 in which 61 Newly Recruited Deputy SPs from Jammu and Kashmir, Arunachal Pradesh and Karnataka have participated. In the 2nd Specialised Training Program 96 Deputy SPs from Rajasthan, Gujarat, Uttarakhand and Tripura have undergone 4 weeks training program. In the 3rd Specialised Training Program from 05/06/2023 to 01/07/2023 77 Deputy SPs have participated from Jharkhand, Arunachal Pradesh, Tripura, Rajasthan, Gujarat, Uttarakhand and Karnataka. Similarly in the 4th such training program 17 officers from Karnataka had participated from 10/04/2024 to 08/05/2024.

3. In this Specialised Training Program the Academy conducts three weekly modules on Soft Skills, Cyber Crime and Forensics and Forensic Medicine and Science. Learned and expert faculties are invited to deliberate on the topics. In the last week a study tour is organized in coordination with CAPF and conduct of mega event like Simhastha(Kumb Mela) at Ujjain.

4. The training program also creates synergy between Deputy SPs of the states helping them in interstate coordination in terms of investigation. During the last four training programs, the academy has consistently received outstanding feedback on its faculty, training infrastructure, and administration which is attached for your kind perusal please.

5. In the light of above you are requested to send your Deputy SPs who have recently passed out from Academy for the 5th Specialised Training Program to be conducted from 22/07/2024 to 17/08/2024.

IMPORTANT FEEDBACK POINTS GIVEN BY PARTICIPANTS IN PREVIOUS ALL 4 TRAINING PROGRAM.

1. We really appreciate the concept of national level training to directly recruited DSPs which improves the importance and responsibility.
2. Cyber crime investigation week was very productive. Learnt how to use cyber tool used in detection of cyber crime. Hands on module on cyber forensics were very good but could not get enough time. Content was good.
3. The vision and transformative training program is abreast of present developments. But sir, in our state academies, the system isn't as per the requirements of the field.
4. We are getting the best facility and training. Special mention to in house faculties who are very courteous and caring. They supported us in all our requirements and training for the last three weeks.
5. The practical aspects of topics, way of presentation, clarity of thought of faculty. It was very well coordinated and relevant. Plus it was of core importance for our job profile, overall it was a very good module.
6. The interaction that we could have with all the officers of different states. I am hopeful that this will help in great networking in the coming days and also help in sharing of ideas and information.
7. Training duration must be increased. There should be periodical training of police officers at CAPT, Bhopal related with modern forensic tools that may be used in crime investigation. There is a need to study modern cyber forensic tools to address new challenging threats posed by cyber criminals.
8. As a probationer, the Training module has given me an insight on the type of emotional and physical challenges we could encounter in our future and job challenges, but subsequently geared us up with very helpful methods, tips and tricks to tackle most of the critical kind of situations we are going to face.
9. BPRD should monitor the training module of the state academies as well, as our academies are still governed by obsolete & colonial era training standards which is an antonym to the modern era smart policing module imparted here at CAPT.
10. Regarding Cyber crime investigation week the focus was to understand basic field problems facing by police in the matter of cyber crime. The other good think is introduction of future threat that will facing by society and police. All the relevant topics were covered. The software and tools were provided through Drive which will be very helpful to us in future.
11. All faculty have very deep knowledge of forensic and they describe very well manner with case study. Advanced level of forensic science that will useful in field. Level of faculty was excellent.
12. Before this we were not interested in dead bodies but these lectures made us to obtain a lot of useful information from them. Now we get to know the meaning of proverb that dead bodies can talk. Practical experience of crime scene & its analysis, how to identify potential evidence from there.
