Sub: A 2-days workshop on “DNA Fingerprinting” scheduled to be held in the S.V.P. National Police Academy, Hyderabad from August 17-18, 2015 – Inviting nominations – reg.

Sir,

DNA Fingerprinting has become the most precise and technologically advanced method for identifying crimes such as murder, kidnapping, robbery and rape. Police and judicial authorities and in some cases even private parties retain this. The use of advanced DNA fingerprinting technology is employed in forensic Science for solving criminals or victims.

2. A 2-days workshop on “DNA Fingerprinting” scheduled to be held in the S.V.P. National Police Academy, Hyderabad from August 17-18, 2015 for the IPS officers of the rank of Superintendent of Police & above from the States/UTs who are supervising the activities of the Forensic Science Laboratories and officials of Judiciary and Prosecution will also participate.

The objective of the workshop is to enable the participants:-

- To disseminate information about new developments in the field of DNA technology (such as methods of DNA analysis) and their applications, legal impact, etc.
- To promote the use of DNA technology (such as DNA fingerprinting, in various areas relating to social welfare, including crime and civil matters, plant and animal stock improvement, certification of cell lines, detection, prevention and treatment of diseases, etc.

PTO

- To provide a platform to formulate guidelines on standards, quality assurance, proficiency testing, and accreditation of laboratories and methods related to DNA technology and the periodic review of these guidelines.
- To arrange technology audit in the area of DNA fingerprinting and other related technologies.
- To bring together practitioners of DNA fingerprinting and other related technologies from different disciplines of science, medicine, social sciences and law for furtherance of their objectives through mutual interaction.
